作中でキャラクターが活躍に立ち合われると、
他の場合、なぜか巻頭してエンディングになります。
回収で毎日はさそうにもなります。
でも、そこでマンガ本人が前作みたいだなーと、
「わー…この先が思ってないなー」と、
少しずつ脱線してきたり…、
やや独創的な内容作家。
最終的には前作の仁田のおかげで
何とか間けてこられてるのですが、
作品を通じ話者の方々にも少しだけ
欠点になっていた点がある程いです。

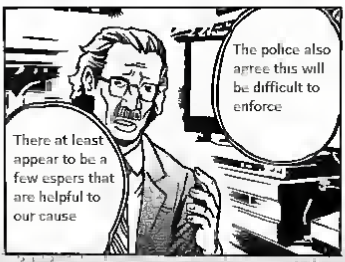
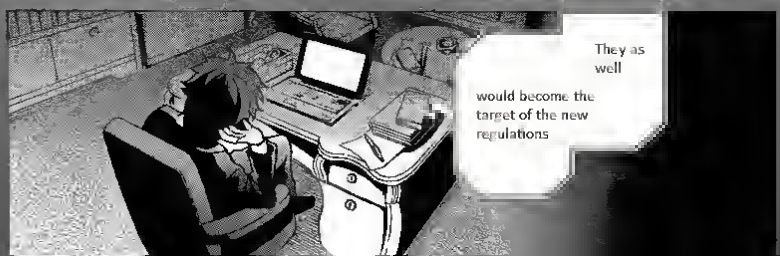
Reporting from the Congressional Building
In response to further acts of terrorism
congress plans by tommorrow to pass new regulations to deal with the espers.



The police also agree this will be difficult to enforce
There at least appear to be a few espers that are helpful to our cause

rescuing victims and even fighting the terrorists themselves
As the white girl's crew were witnessed at the scene of the terrorist attacks

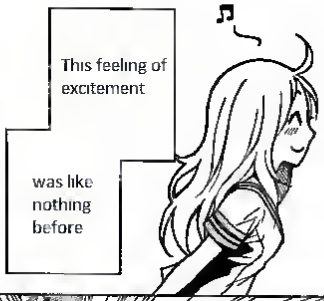


※この漫画はフィクションです。実在の人物・団体とは一切関係ありません。

She has had ESP
For about 6 months
Since having contact with the light fish
On her next break,
she is going on a real date
Due to a number of various reasons
She's been using her abilities to fight terrorists
That day would be
The best day of her life.
ぽぇぇ…

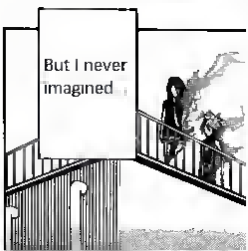
That this day...
would be my last day of highschool...

byebye Peggi! See you during lunch break
Mornin'
Be a good penguin and stay hidden
Gotta work hard today!
Peu!



This feeling of excitement
was like nothing before

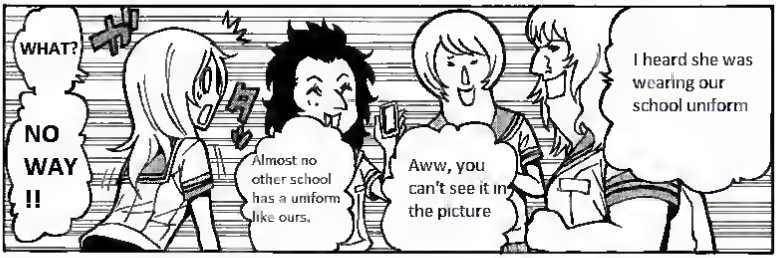
!



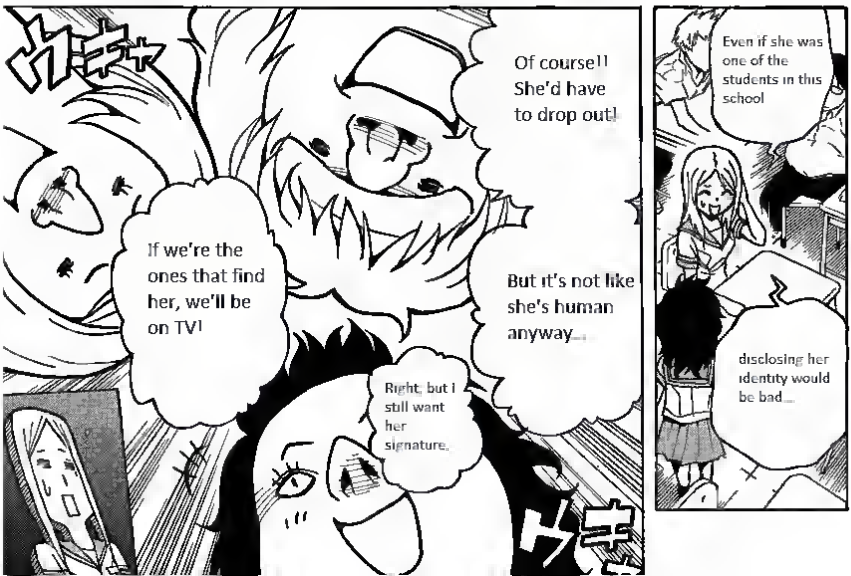
But I never imagined...

麒麟工作室製作

Yesterday, it looked like
the white girl
was on a ferris wheel fighting with the ghost



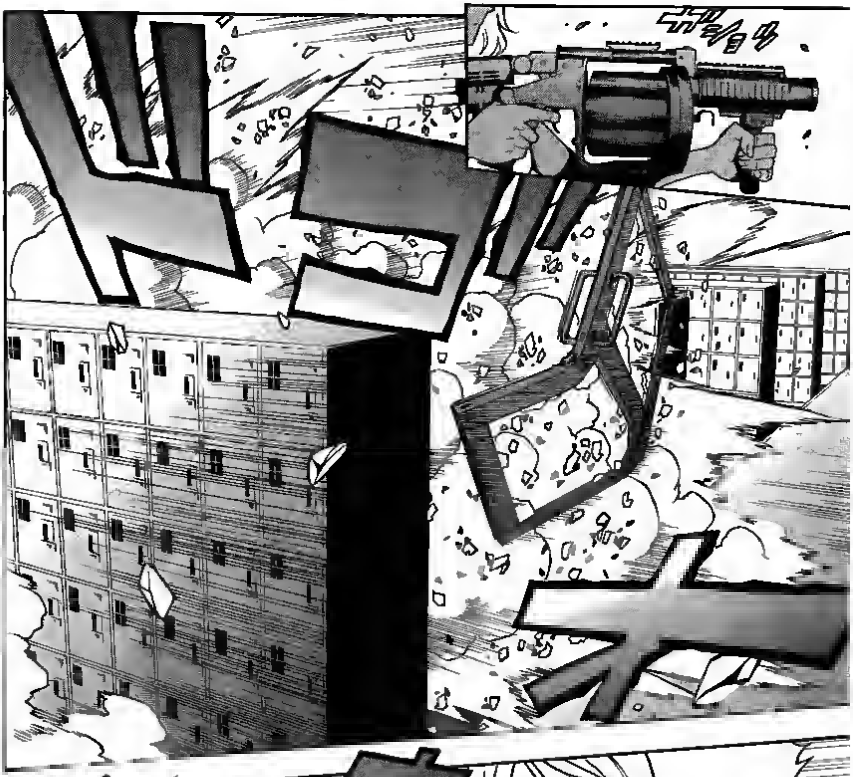
WHAT?
NO WAY !!
Almost no other school has a uniform like ours.
Aww, you can't see it in the picture
I heard she was wearing our school uniform



Of course!! She'd have to drop out!
If we're the ones that find her, we'll be on TV!
But it's not like she's human anyway...
Right, but I still want her signature.
Even if she was one of the students in this school
disclosing her identity would be bad...

麒麟工作室製作

Dad already works hard enough to pay my tuition
I won't be able to eat at the cafeteria with Azuma if I am forced to drop out
Will I need to wear a mask?
Convenient plastic bag here mask!



!!?

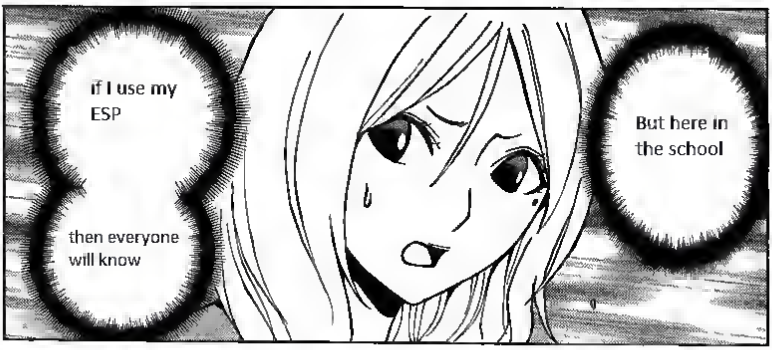
ゴゴゴゴ
An explosion? What happened?
Fire!!
They've got a weapon!!
RUN!!
Who is that?
消火栓

麒麟工作室製作

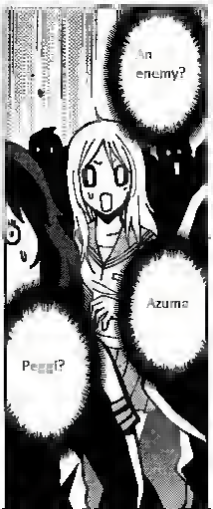
Wha!
Hrmm
No matter where you go, each school feels different
Granted
I just dropped out of school last year
Anyone who is anyone
Take cover.
So dull
I've long wanted to watch a school get absolutely destroyed

麒麟工作室製作

Really?
A terrorist?
Here?
Run where?
RUN!
It's bad!
A woman carrying a gun is coming up here!
Everyone, Escape quickly!
Eh?!



if I use my ESP
then everyone will know
But here in the school

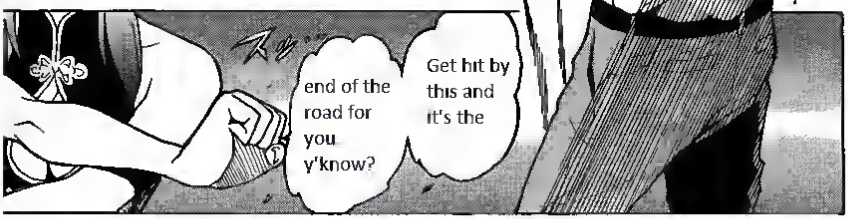


An enemy?
Azuma
Peggi?

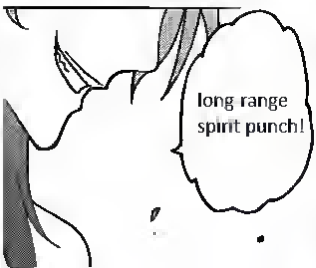
Bam!
Hua!

Hua!

teehee
This is so much fun! it's just like destroying an ant nest.



end of the road for you, y'know?
Get hit by this and it's the



long range spirit punch!

I'll send y'all back with my

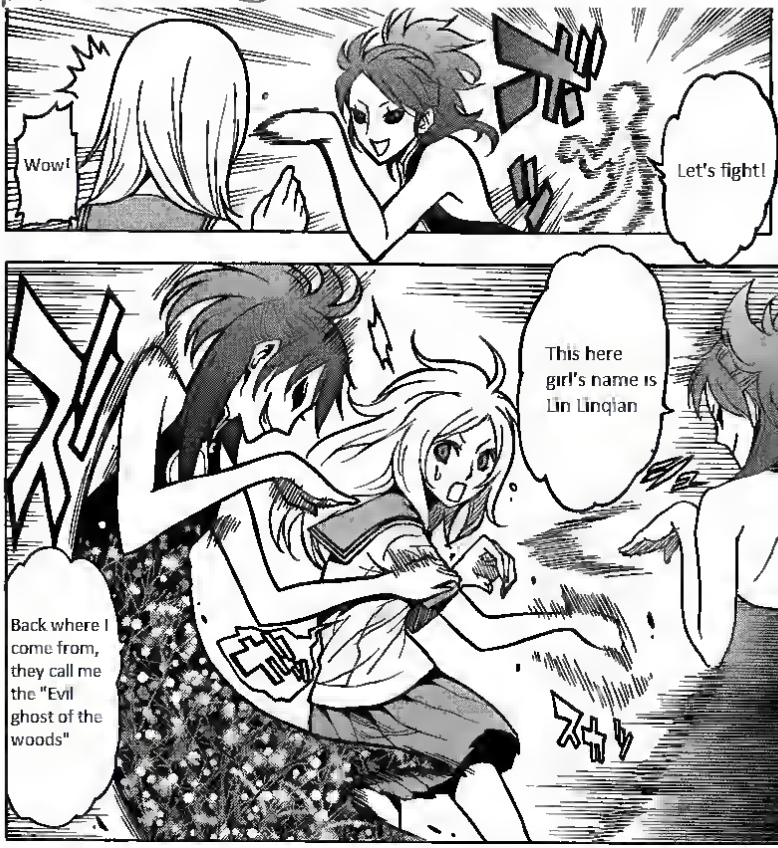
CUT THAT OUT!
teehee
Oh, I know
You can pass through things
Trying to hide
There's no room for me to hesitate?
Rinka san?
Finally, "the white girl" appeared
and she was even able to pass through my shockwave
Crap, I don't know what I'm doing

麒麟工作室製作

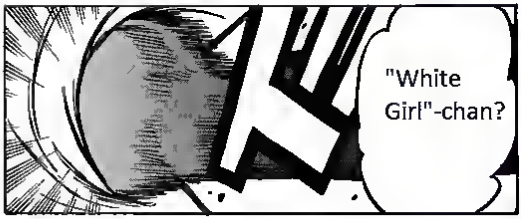


Wow!
Let's fight!
This here girl's name is Lin Linqian
Back where I come from, they call me the "Evil ghost of the woods"

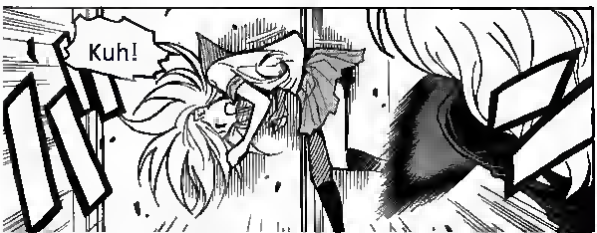
This person, their fighting is terrifying...
Close,
she's aiming for my eyes?
Kyaa!

That's a stupid question
We should be asking why you are at this school

Say, are you with the professor?
What are you doing at this school?



"White Girl"-chan?



Kuh!

You are "The White Girl", right?
Eeeh!? Rinka!
ah!
And not just her sister or something?
Why would you join the terrorists?
No reason.
I'm just helping for fun and nothing else.

麒麟工作室製作

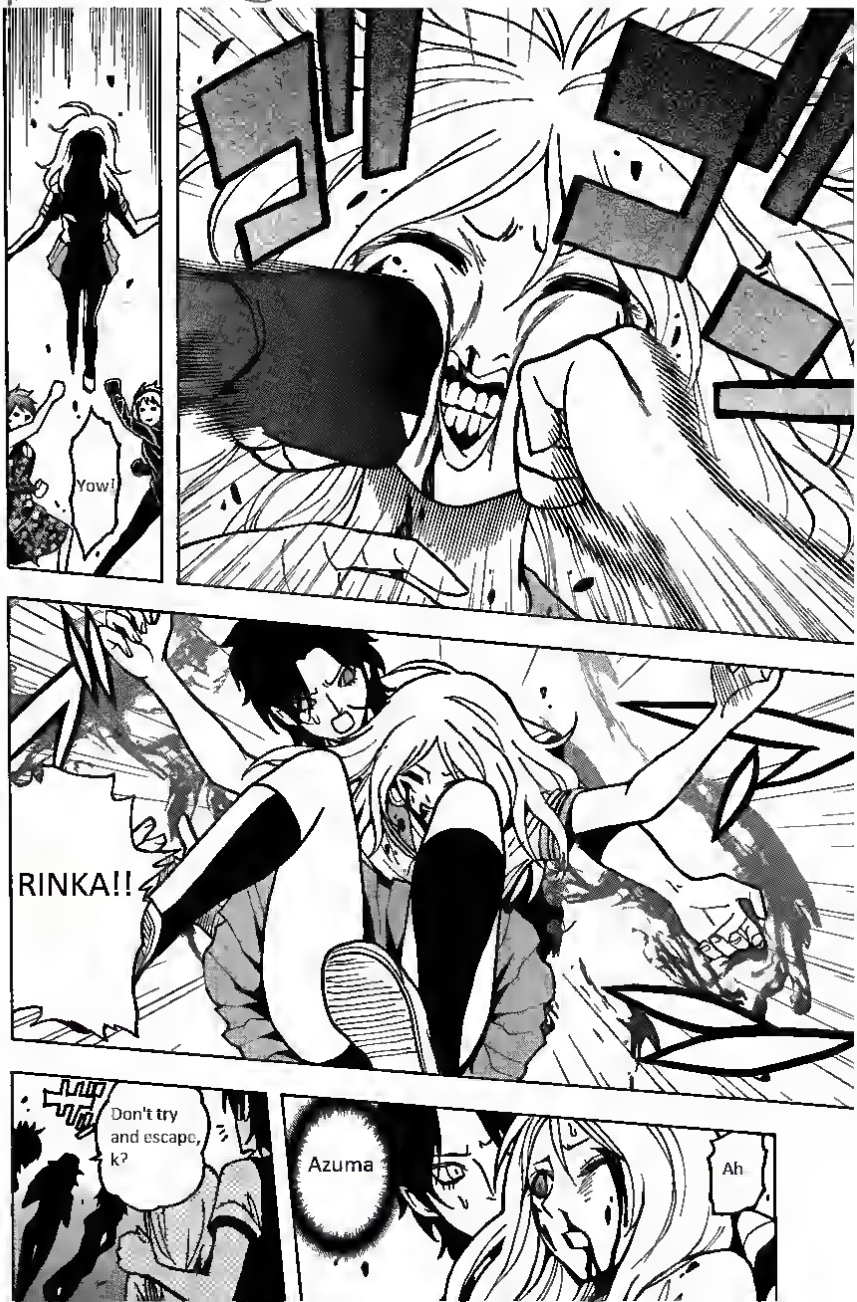
Since we've gained ESP
Stealing things became too easy and I've grown bored of it
Wua!

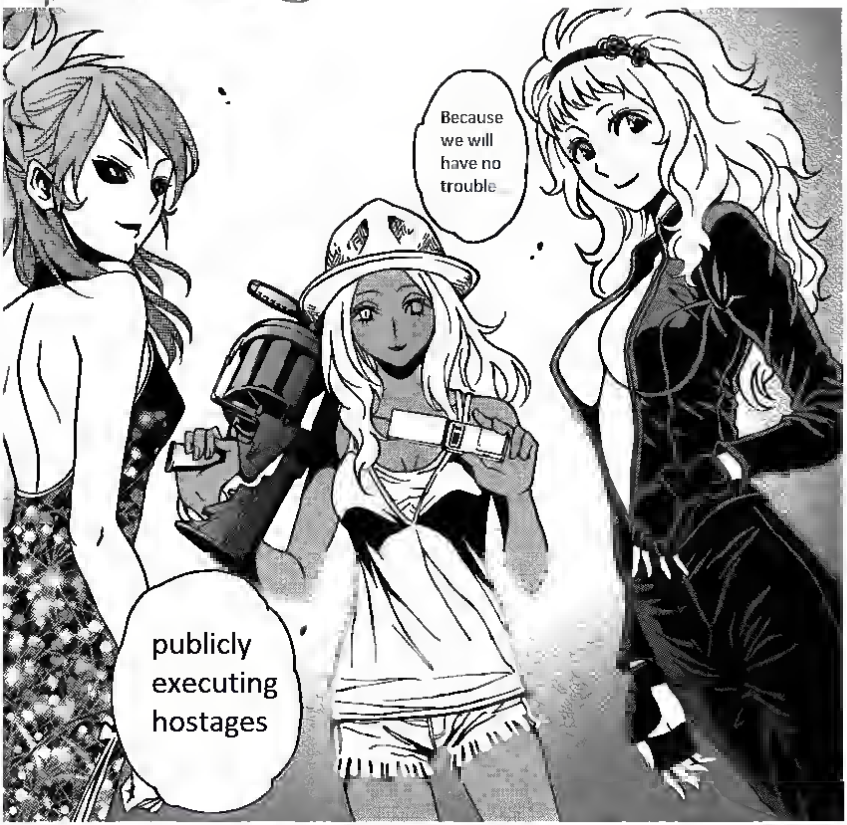
Not good Enemies of this level...
Two at once...

My sister has remained well-known
Ever since that day...

Gua!

麒麟工作室製作





Because we will have no trouble
publicly executing hostages

!?

A third person?

My body won't move anymore!!
My..

eh...

麒麟工作室製作

uhh..
Azuma?!

That hurts! That hurts!
I can't even make a sound
How can this be?
I can't move, I can't teleport,

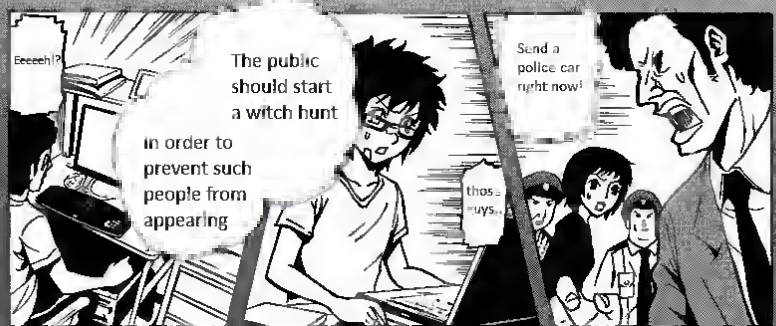
They become my stringed puppets
Once anyone sees my eyes,

ドン
Iya!
ドン
how?!
Could it be the enemy's ESP?
My body is moving on its own
Your tragic story is being broadcast live
hehe,
By the way, I should tell you...

This is what you get for your silly so-called heroics

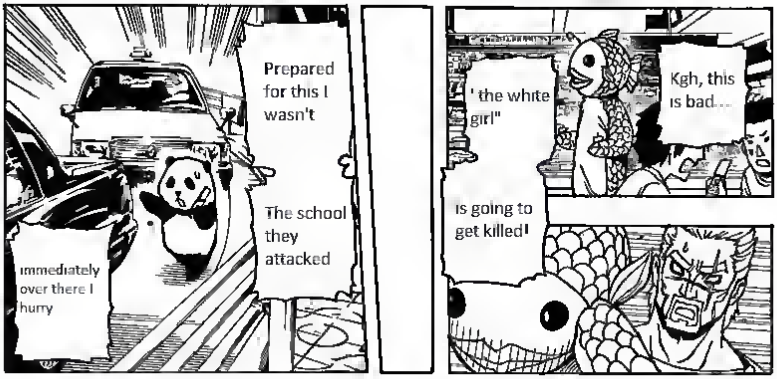
You still oppose the terrorists

despite having ESP
-Eh?
she works at our diner!
This girl...
stop fighting
Everyone look they're ganging up on her!



Eeeeeh!?
The public should start a witch hunt
in order to prevent such people from appearing
those guys...
Send a police car right now!

Let this be a warning to the rest of the world.



Prepared for this I wasn't
The school they attacked
immediately over there I hurry
" the white girl"
is going to get killed!
Kgh, this is bad....

You still won't fight back?
Eheh.. Even against your unfriendly classmates

麒麟工作室製作

Kgh!
Is there no way out of this?
Where did Peggi get off to?

!!

Minami

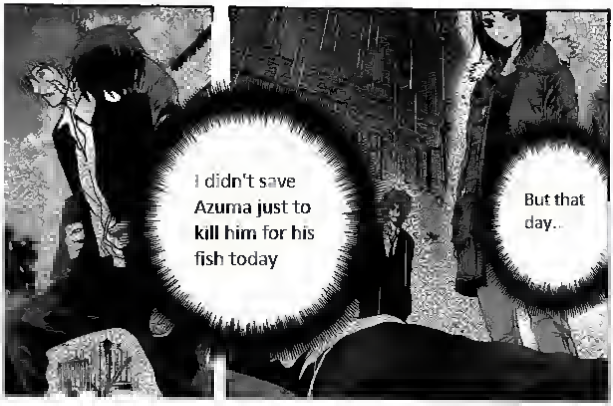
Peggi?!

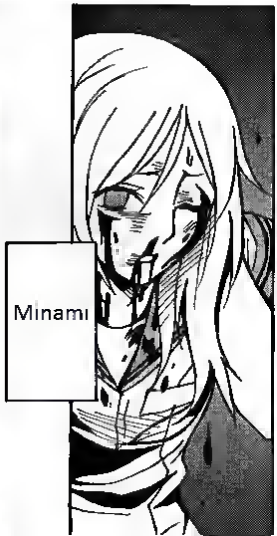
And what if I did?
kill them both?
Rinka and Azuma...
.....
Yes
Is there a problem with that?
As far as you've come, you hesitate to finish?
is that why you let them act freely?
You planned to use them as a warning from the beginning

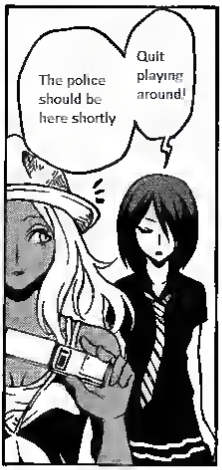
In order to restructure human society
Everything stems from fear
this ugly world
In order to prevent the thing that killed her
Have you not already made up your mind?
Abandon your humanity, Minami.
……

麒麟工作室製作

少年エースA

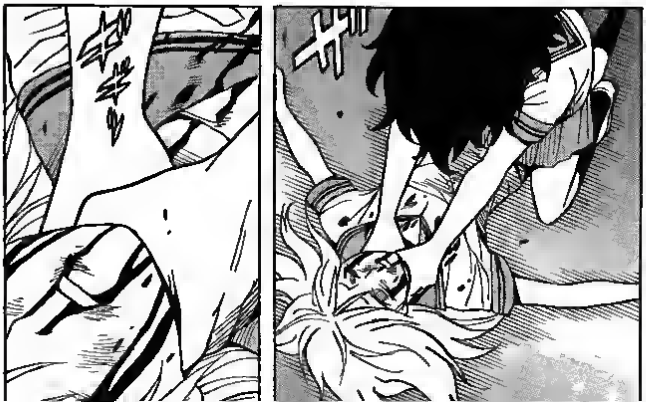






麒麟工作室製作

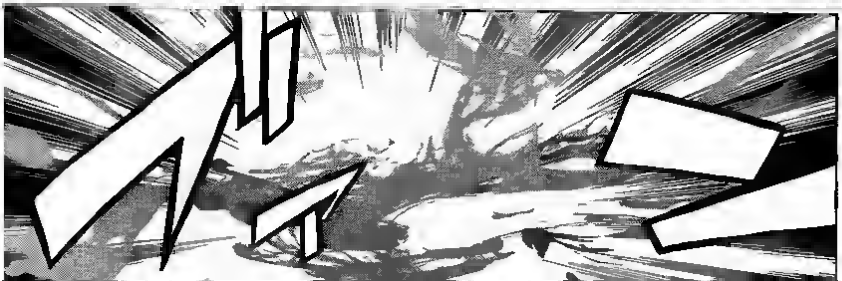
Hurry up and finish the job
I'll be sending this man on his way



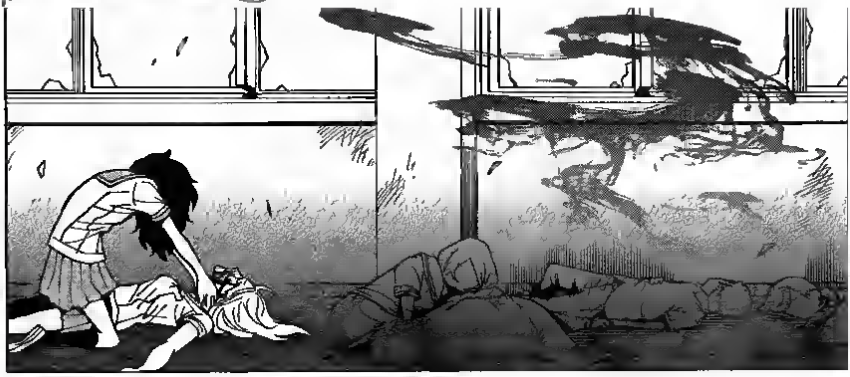
huh?
Wait a minute...

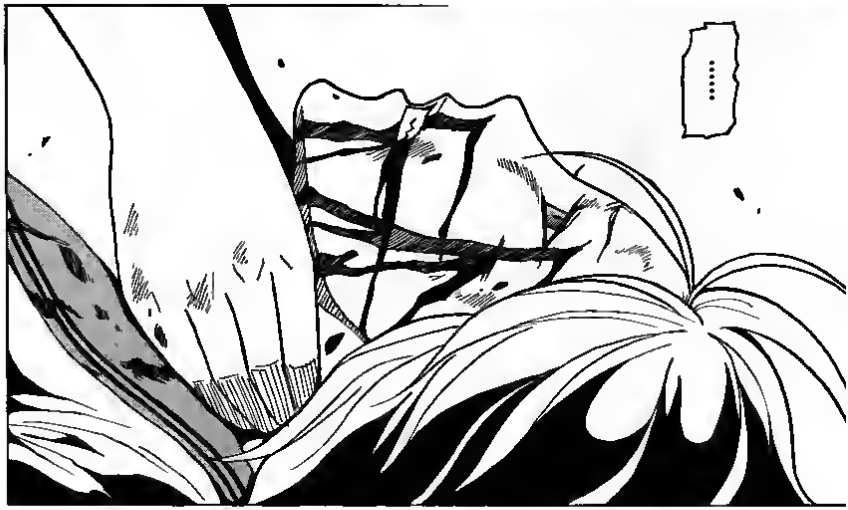
Wait a minute...
Where are you taking him?

Kgh!
Don't take him away!

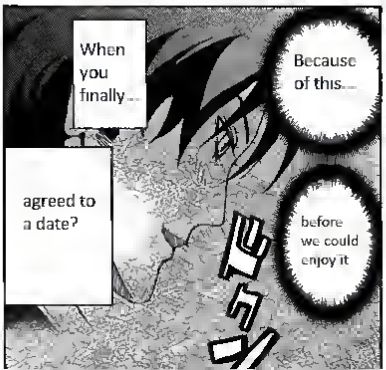


麒麟工作室製作

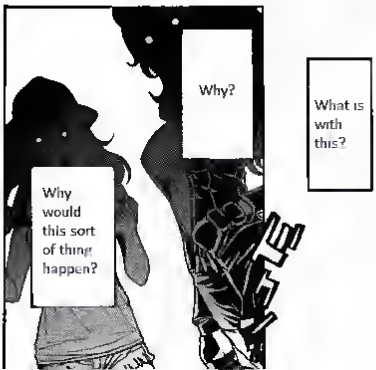




……



When you finally...
agreed to a date?
Because of this...
before we could enjoy it
ドンッ

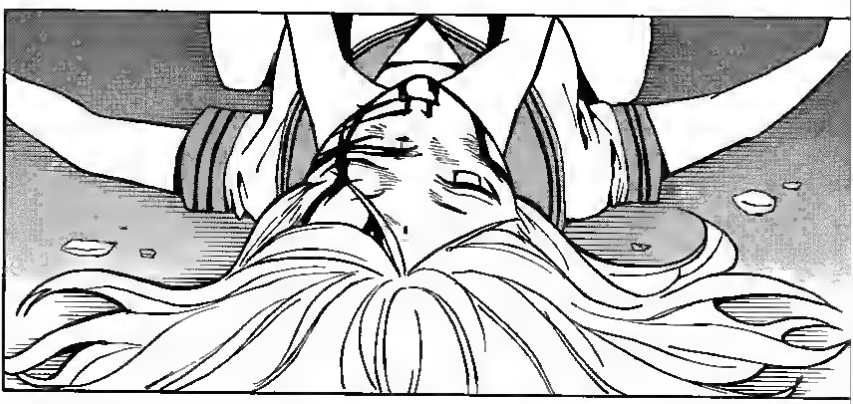


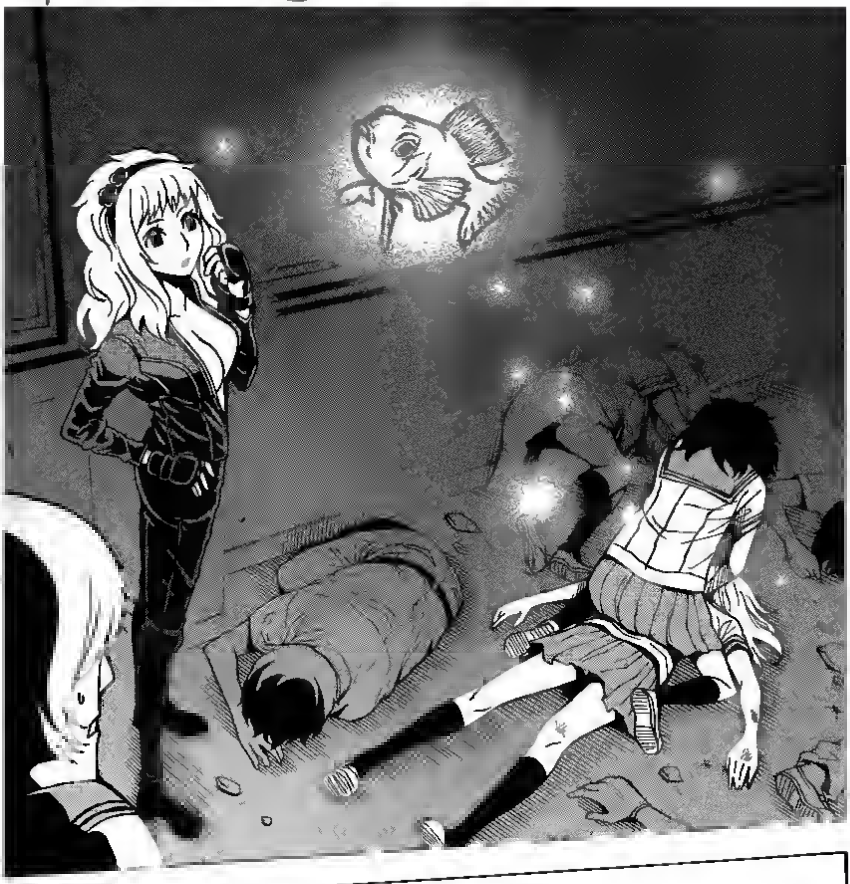
Why?
What is with this?
Why would this sort of thing happen?
ドサッ

You're still hanging on aren't you?
Hurry up and die, eh
Guah!
hhh!
I hate it!

Rinka

麒麟工作室製作



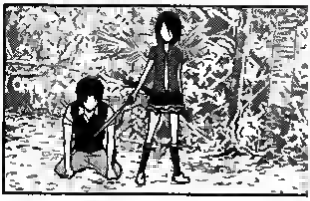


Freeze

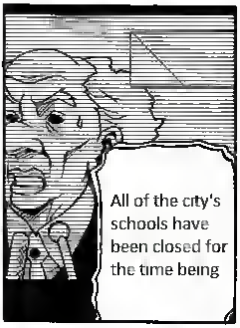
Minami

You can no longer
return to where you were.
Rinka is already dead.

麒麟工作室製作



Hurry hurry hurry
Her heart has stopped
How about the defibrillator?
We've just tried that!
She's my daughter!! Let me through!
Calm down, sir
POLICE
KEEP OUT
Rinka, she
was "the white girl" all along



All of the city's schools have been closed for the time being

Video of the crime has spread throughout the web
Most people are afraid to go outside due to the current situation
Reports state that the number of wounded has risen above 40
A death toll is yet to be announced

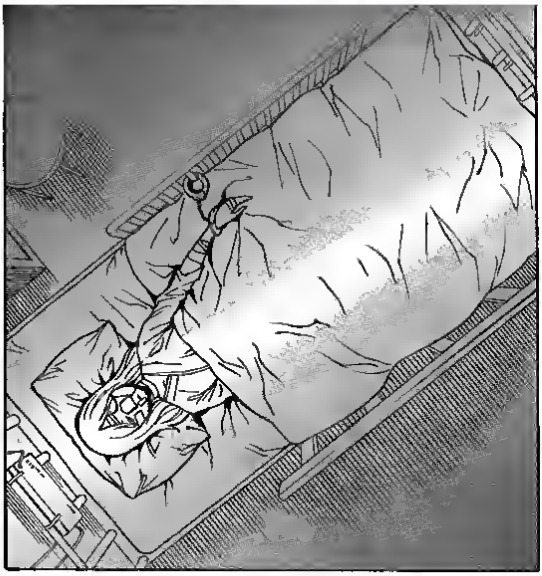
She's "the white girl"?

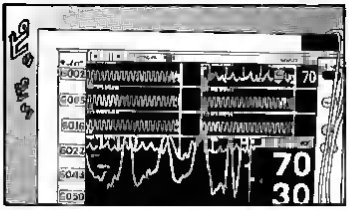
Well, isn't she a cute one?

Is she really dead?

The video shows a high-school freshman girl being attacked
According to witnesses, she is "the white girl"

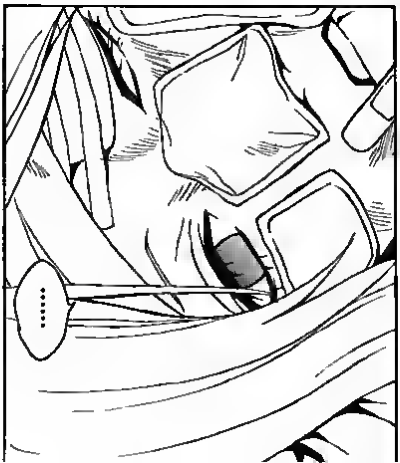
麒麟工作室製作

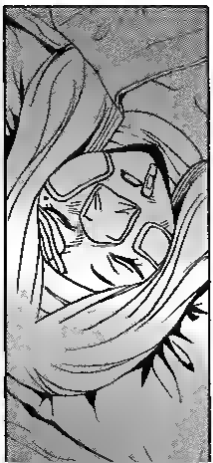




huh

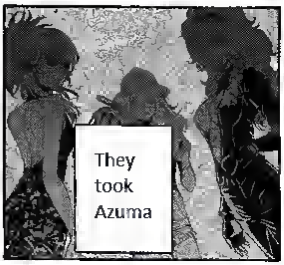
Where am I?



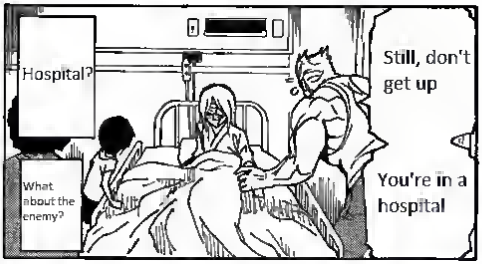


麒麟工作室製作

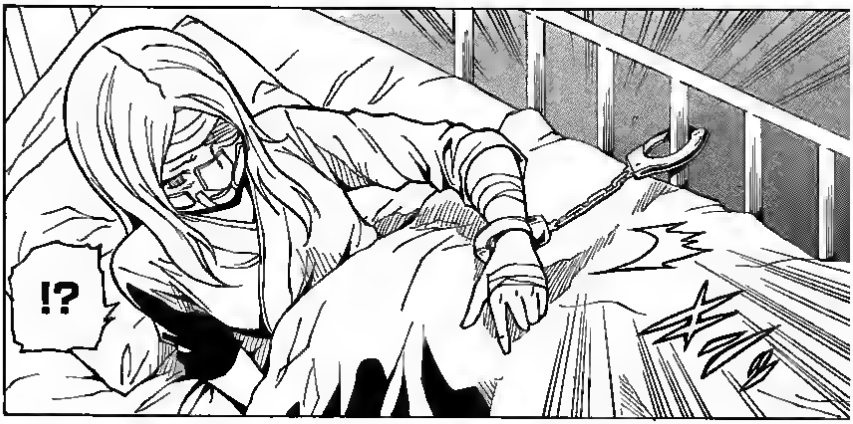
Rinka-san!
Ooo! You've regained conciousness!



They took Azuma



Hospital?
What about the enemy?
Still, don't get up
You're in a hospital



!?

It'd be safest for you to stay here
The country is interested in your story
sit tight

These handcuffs
I should be able to pass through them
Now is not the time for this
If I don't hurry
and find Azuma
They're stuck on
But why?
.....
Huh?!

Did you see it? Yesterday the "white girl"...
Stop! Don't remind me!

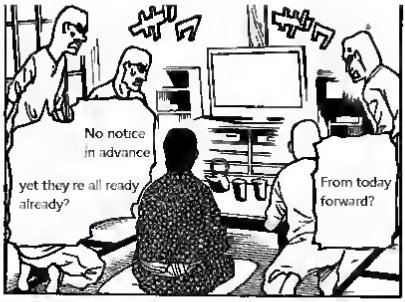
We can t stay inside the city anymore...
Let s get out of here!

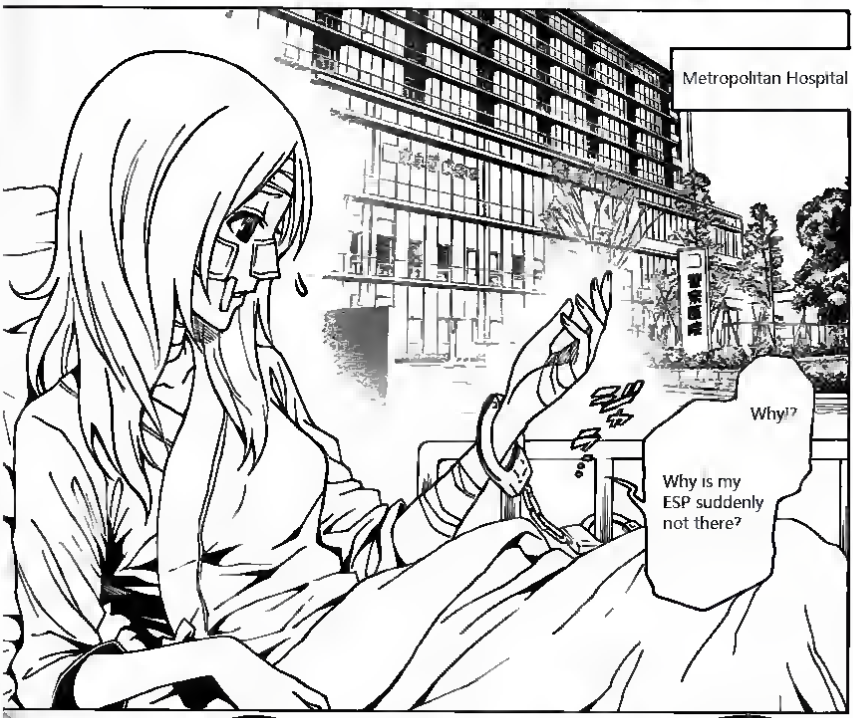
麒麟工作室製作

Today shocked by the video transmission that occurred the night before
congress finally passed the
ESP Control Act
An emergency meeting was held
between the police and the military
AKA the "Esper Taskforce"
It was announced that beginning today, the Esper Taskforce will round up all espers within the city

Was it secretly planned a long time ago?
Such a large scale operation...



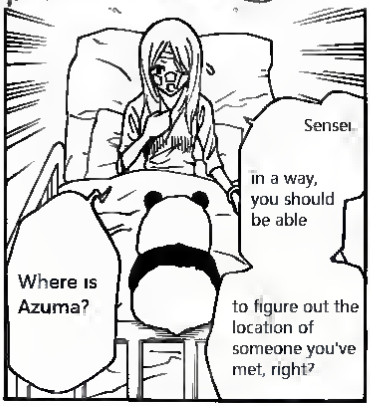
No notice in advance
yet they're all ready already?
From today forward?



Metropolitan Hospital
Why!?
Why is my ESP suddenly not there?

With you gone, the "light fish"
may have sought out a new host
It's because your heart stopped for a few minutes

麒麟工作室製作



Where is Azuma?
Sensei
in a way, you should be able
to figure out the location of someone you've met, right?

Why now of all times?
I can't even pass through my handcuffs

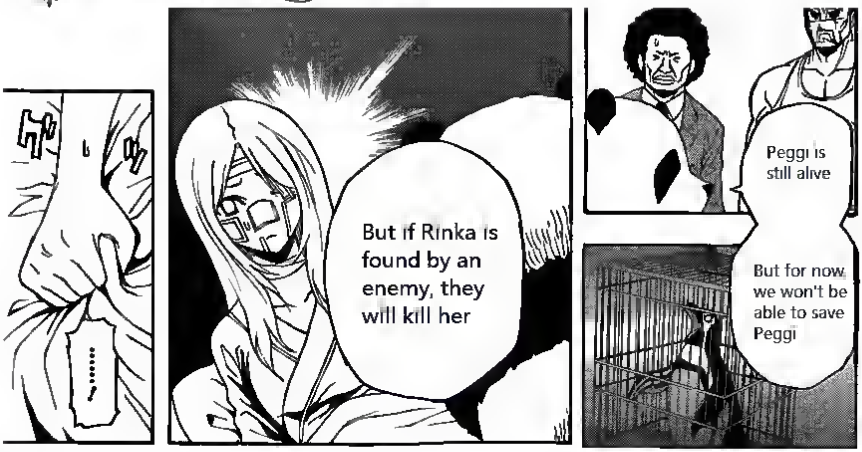
It may be that he has been taken very far away...
...It's unclear

How about Peggi?
Peggi got abducted too

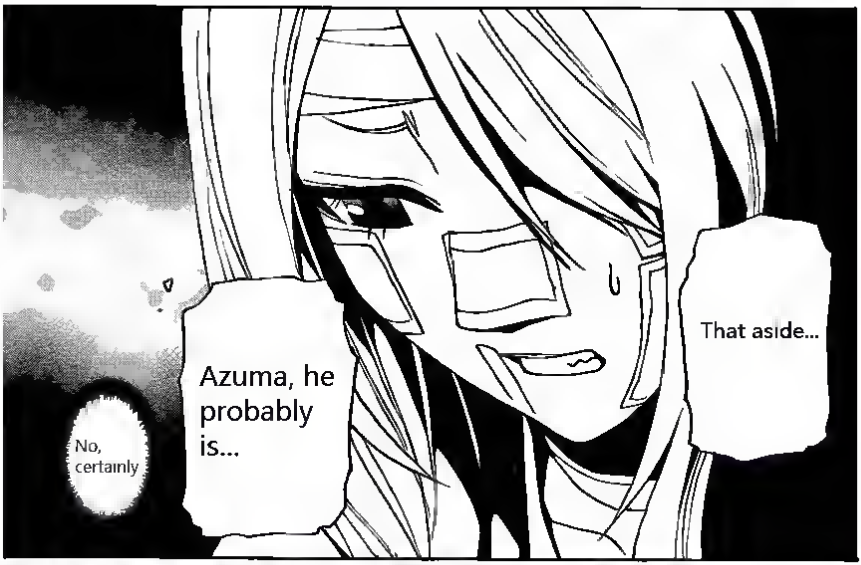
or...

that the worst has already happened...

麒麟工作室製作

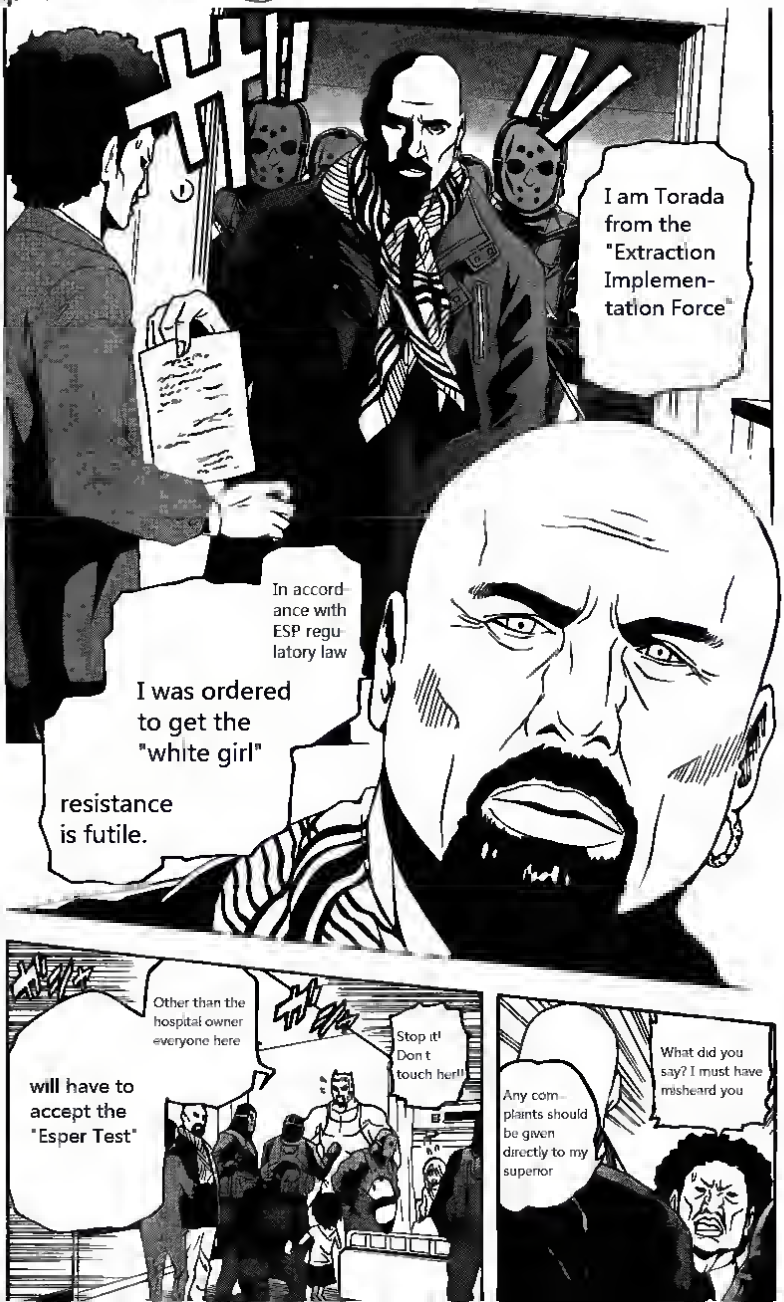


Peggi is still alive
But for now we won't be able to save Peggi
But if Rinka is found by an enemy, they will kill her

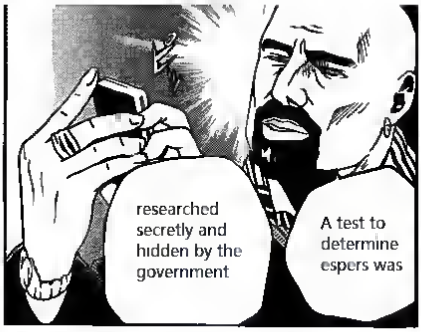


That aside...
Azuma, he probably is...
No, certainly

Um..
Who are you people?
He must be alive!
hiding instead of living openly in a place like this



I am Torada from the "Extraction Implementation Force"
In accordance with ESP regulatory law
I was ordered to get the "white girl"
resistance is futile.
Other than the hospital owner everyone here will have to accept the "Esper Test"
Stop it! Don t touch her!!
What did you say? I must have misheard you
Any complaints should be given directly to my superior



researched secretly and hidden by the government
A test to determine espers was

"Esper Test"!? Since when has that been a thing?
Wa?

Where are you taking us?
Using force even against children!?

The "Underground Reception Facility" has already been built
We've spent a lot of tax payers' money on you monsters
You should all thank your fish

How am I supposed to find Azuma if I am confined?
Get up!
Reception Facility?

Irrelevent. She is still a person of interest
She's a normal, vanilla person now...
Wait a minute! My daughter has already lost her ESP

Tell me if I'm wrong,
but that incedent at school wasn't that because of her presence?
She'll be of less danger to everyone if she's in prison

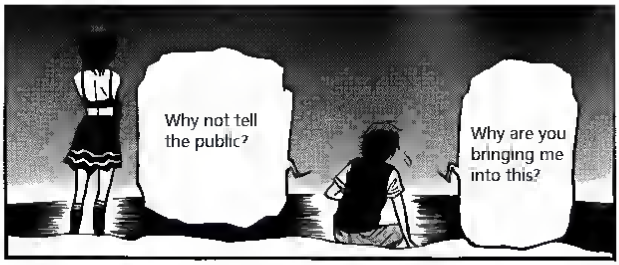
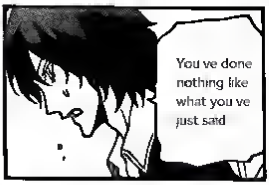
Not to mention, my clothes are all wet

麒麟工作室製作



Why not tell the public?
Why are you bringing me into this?



You've done nothing like what you've just said

But I don't
That person thinks this

Not only do you kill so may innocent people
but you also abuse Rinka in all sorts of ways

because you don't know

I don't think they are innocent

麒麟工作室製作

So why would you say such a thing?

Until then don't do anything
While I deal with things, please stay here obediently

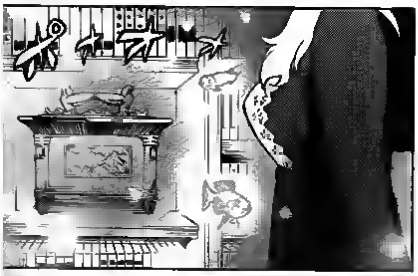
Peh!
Woah! Look what I've got for you!
You want it?

We can't do that

If it is so dangerous
Wouldn't it be better just to get rid of it?
Geh?!

Don't get too close to it
You wouldn't want it to eat your light fish
Really?

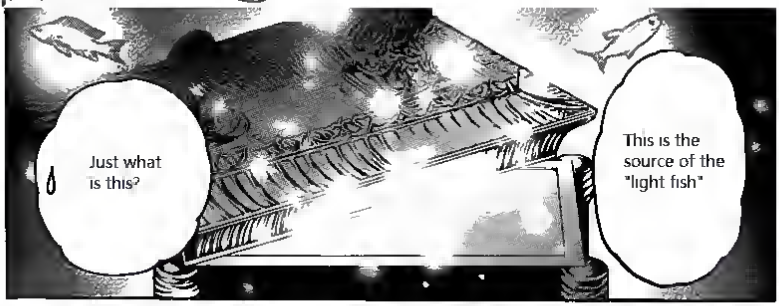
If we killed it,
Then the "fish hunter" we've long searched for wouldn't fly, but
Even if it went to someone else, it would still be troublesome
It is easier to manage the way things are now



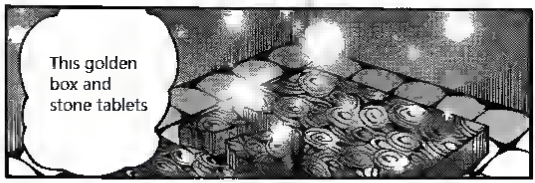
Anyway

Yet we're "feeding it to death"
right, right

麒麟工作室製作



Just what is this?
This is the source of the "light fish"



This golden box and stone tablets

Just as..
it was mentioned in the Old Testament
"The Ark of the Covenant"

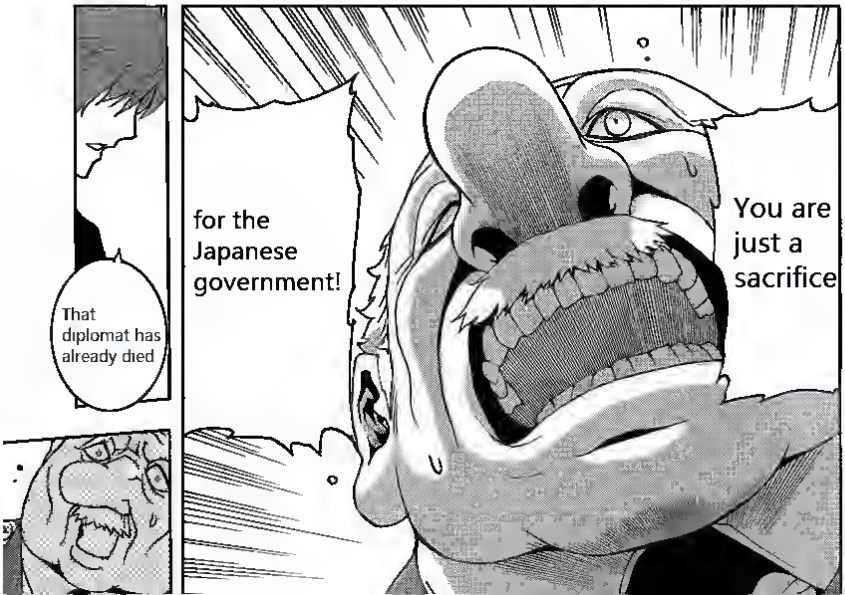
He gave the weapons to the guerillas
And made the civil war intensify in the country!!
Wait... wait a minute!
It was all the diplomat's plan!!
I don't know anything!
Hey!

As he ran off with the stone in his hands!!
To get rid of the evidence



That diplomat has already died
for the Japanese government!
You are just a sacrifice

within the government
which has diplomats and shock troops at its beck and call
He was a member of the "dark council"
Did I mention?
I didn't know the guy...

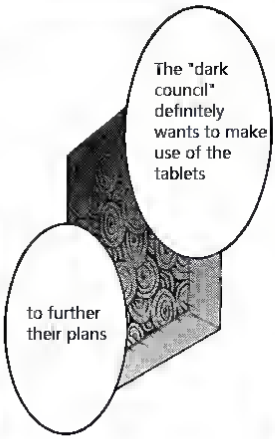
As long as I ...
They will be forced out of the shadows



The "dark council" definitely wants to make use of the tablets
to further their plans

Thank you for looking after
the broken tablet and the ark for me

This country...
what will become of it?
Our country is incapable of revival
We'd be back to how it was before we had our independence. Completely absorbed by the big powers
And I will lure and kill
all that are related

so if we are on your side

Starting from nothing
we are building our Eden step by step, right?
That's exactly why
we were chosen by the "light fish"
But of course,
must be somewhere, watching us
The murderous "dark council"
Or will they first let slip?
Will I take control of humanity first?

This is already the th rd fight held here

There aren t even .. any protective gear here

Shhe

Hasn't this gone on for long enough?
you might kill him at this rate
Kill him!
Haha!
.....
This guy
has always been a villian that's deserved death
No need to worry, old man
I'm merely venting on the behalf of everyone here
to prevent the buildup of anger
hu

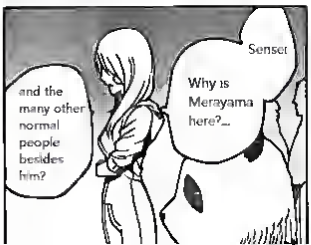
I beg you
I surrender
It's also helpful for suppressing riots
And this is valuable entertainment!
Wait, wait

"White girl"
You wanted to be the protector of humanity

so you'd like to save even this kind of trash?

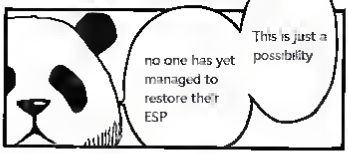


Senser
Why is Merayama here?...
and the many other normal people besides him?

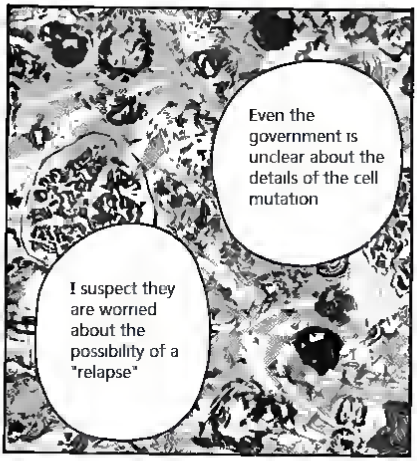
no good
not unless you can hit me
I beg of you
please spare me

since they have been changed, they are put in prison
Even though they've lost their ESP
It's the same as you

Relapse!?



no one has yet managed to restore their ESP
This is just a possibility



Even the government is unclear about the details of the cell mutation
I suspect they are worried about the possibility of a "relapse"

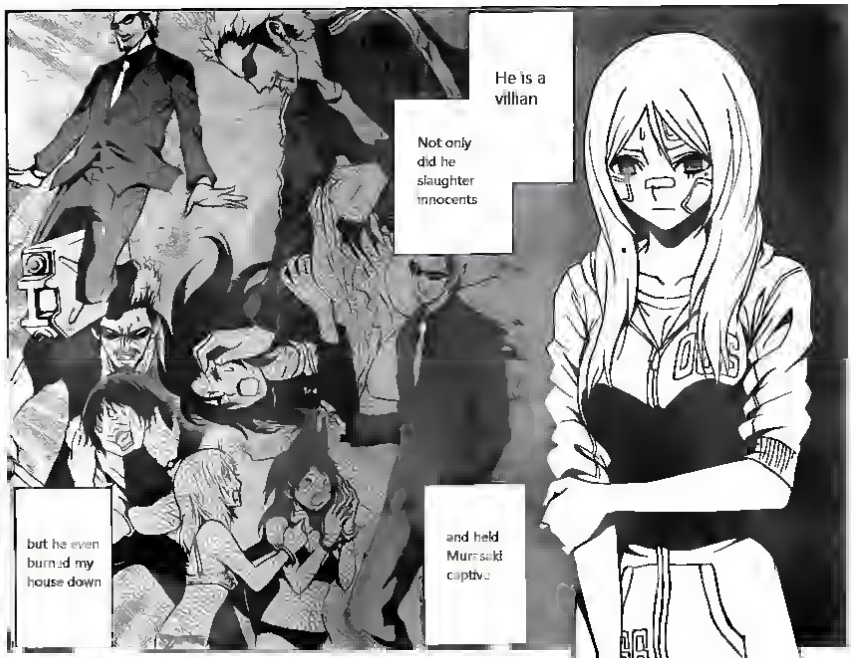
At least for the inmates here
they've lost their will to achieve their goals
Kugh_

麒麟工作室製作

Puh

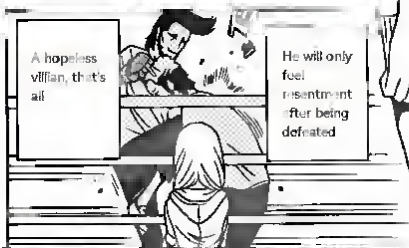
At least hit him once!
Geez, Merayama is crying, has he no pride?
Are you a man?

I don't have any reason to help him



He is a villian
Not only did he slaughter innocents
but he even burned my house down
and held Murasaki captive

Kugh



A hopeless villian, that's all
He will only feel resentment after being defeated

So we re done here
I ve hit you

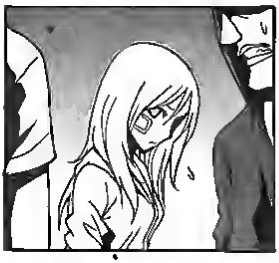
Let's go

It s really embarrasing to lose so utterly
Please leave me alone for a while



Your body acts quicker than your mouth
You must have gotten that from your father

What have I done!?
Now I really can't show my face

This situation reminds me of your father when he was younger

A vigilante with a burning sense of justice
The reason he was dismissed from the police force
was because of his desire to expose the corrupt behavior of his colleagues

In the end, upper management pressed down and sent him out
Even government officials were involved in corruption cases

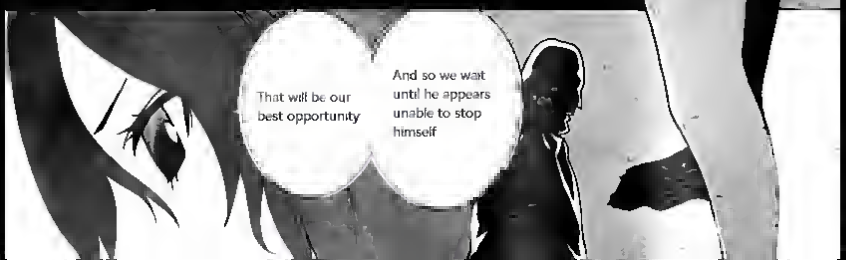
To kill the only man with clues about the dark council
Whether through will or mind control
it was cetainly done with ESP obtained from the tablet

the terronst attacks that we caused
should make that person feel a world of pressure and panic

Then, can you
forgive the ones who killed your parents?



That will be our best opportunity
And so we wait until he appears unable to stop himself

and even that civil war
The death of my parents
.....

If it were all because of some people's selfish desires...

What would you do?
In this situation...

Will I be able to forgive it all?

Rinka

If you were me

We've been given permission to use live ammunition
Ok, let's "break in"

Nearby residents have been evacuated

All teams have been deployed

We've finally found the enemy's stronghold!
Make sure the "professor" is shot dead!

麒麟工作室製作

why did you choose Tokyo of all places?
The stage to lure out our enemies in
Because the peace of th s town
renders me speechless

there was no such thing as justice
So here from the beginning,
A prominent city in the world
but filled with only a flock of vain people
of a lower class only out for their own survival

Repent as much as you'd like

Your own stupidity
don't ever see the truth
Indulge in peace

Engulfed in the fire of the civil war's burning ember
Now it is your turn

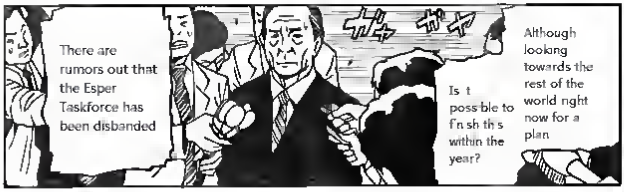
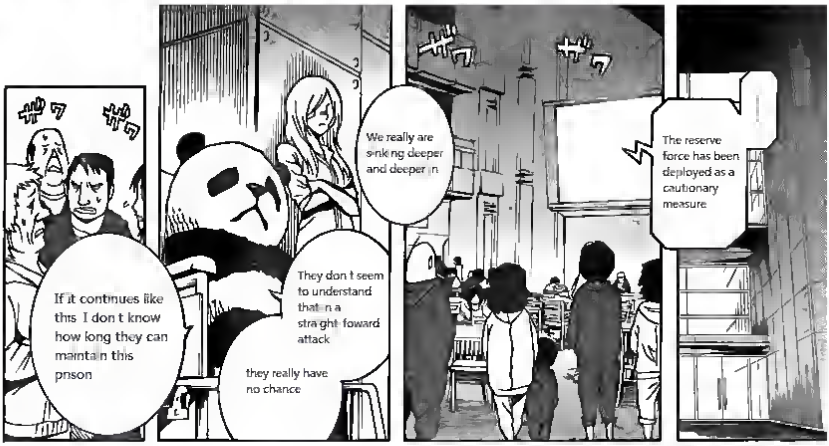
The military in distnct 7 has set up a line of defense

In light of the indescriminate terronst attacks that began last night
the government has ordered the evacuation of downtown residents

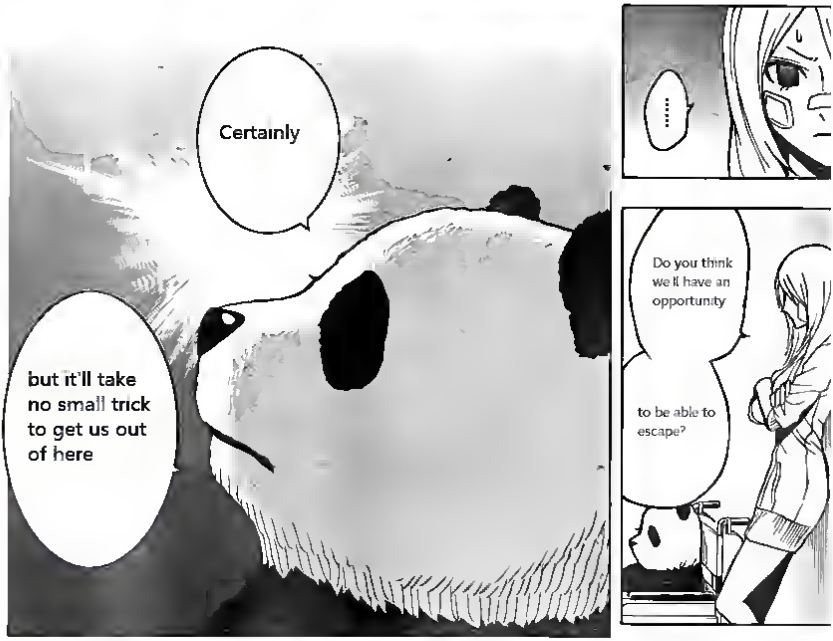


There are rumors out that the Esper Taskforce has been disbanded
ガヤ ガヤ
Is t poss ble to f n sh th s within the year?
Although looking towards the rest of the world right now for a plan

our country will never give in to terrorists
While the current situation is unprecedented



If it continues like this I don t know how long they can maintain this prison
We really are sinking deeper and deeper in
They don t seem to understand that in a straight foward attack
they really have no chance
The reserve force has been deployed as a cautionary measure



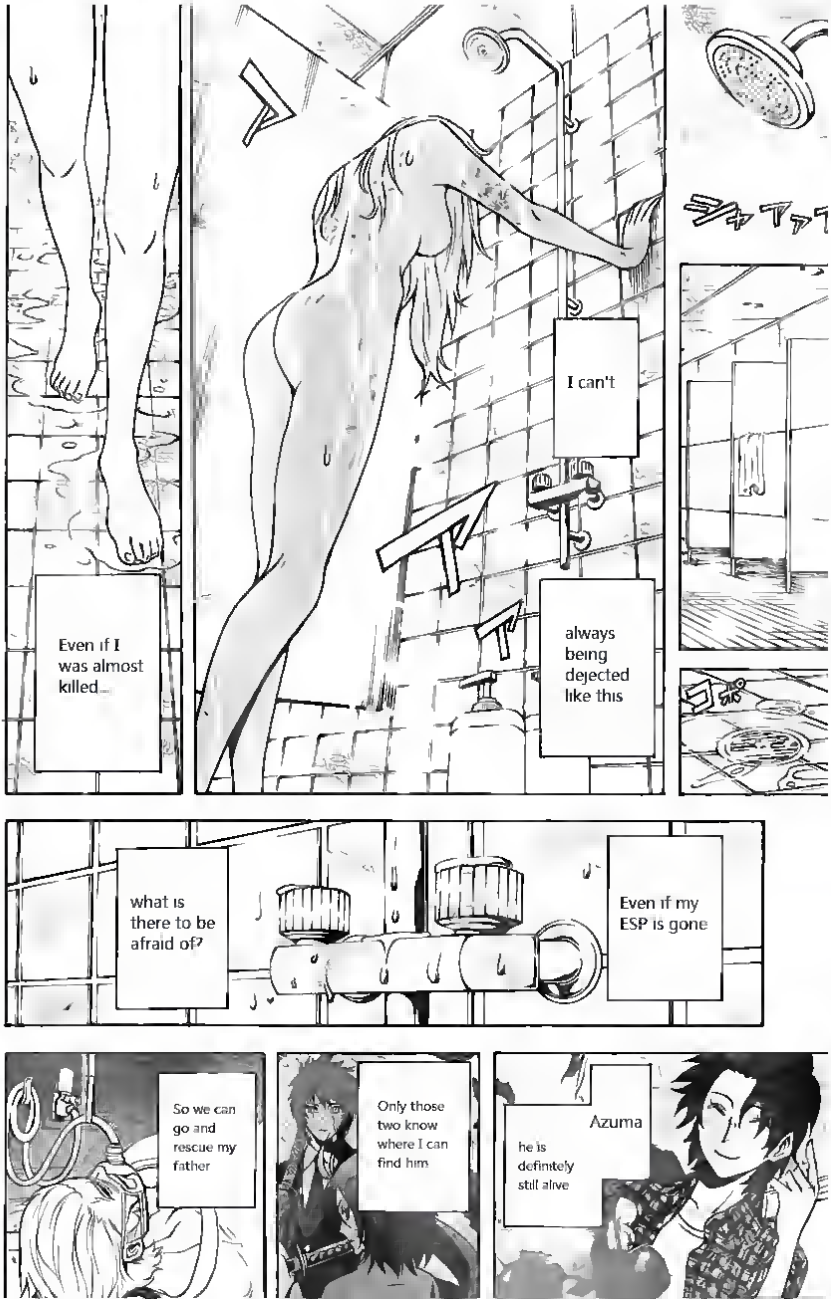
Certainly
but it'll take no small trick to get us out of here
.....
Do you think we ll have an opportunity
to be able to escape?

when that time comes So

麒麟工作室製作

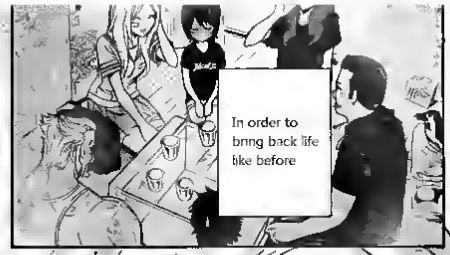
If I become stronger
will you be able to use your clairvoyance again
to tell me
where the professor hides?
Even without ESP?
still want to fight him?
You...

麒麟工作室製作



Even if I was almost killed...
I can't
always being dejected like this
シャアアア
what is there to be afraid of?
Even if my ESP is gone
So we can go and rescue my father
Only those two know where I can find him
Azuma
he is defintely still alive

麒麟工作室製作



I must
win

There is no
other way

Don't blame us if you break a few bones
Let's have a little fun
oh?
Step by step
Do you really plan to take us 1 on 3?
I'll do what I can for now

Temporary shelters on the outskirts of Tokyo are already crowded with refugees
Maybe if we had espers on our side we could
Can the government really win?
